Profile

I am a self-motivated Software Engineer with four years of expertise in web development and a high level of experience working on multiple projects. I am passionate and hardworking with a penchant for meeting deadlines. I am interested in a role with a company that promotes best practices and offers diverse customer projects. I have dedicated two years to Next JS and another two years to Typescript. In addition, I have accumulated a solid four-year track record in front-end web development, specializing in React JS. My skill set extends to encompass proficiency in Express JS, Node JS, and MySQL. I am enthusiastic about incorporating clean code and best practices. I hold a bachelor's degree in Information Systems from the University of Rizal System – Binangonan.

Professional skills and qualifications

- | | |
|-------------------------|---------------------|
| – HTML5 & CSS3 | – Radix UI |
| – ES6 - ES11 JavaScript | – Tailwind |
| – TypeScript | – Vue JS |
